I tried to call, but I can't get through
I know you're there, I see the light in your room
Come to the window, show me a sign
"Earth to lonely girl, are you alive?"

Lonely girl, won't you come down tonight Lonely girl, you beautiful satellite

You seem miles away in the halls at school Strategically frayed and quietly cool You don't need to cut like the other girls do That kind of desperation shows right through

Lonely girl, won't you come down tonight Lonely girl, you beautiful satellite

Baby, you're so wild I'm crazy for you child Maybe you will see that you belong to me

I tried to call, but I can't get through
My intentions with your daughter, sir, are pure and true
Running back to my car with shouts from above
"Earth to lonely girl... you're... breaking... up"
