In Baya California
Down in Tijuana
La senorita come to me
She say "Mi nombre es La Jaunda"
I asked her would she care to dance
She looked at me and said "Como esta?"
I say "Hablo solo en Ingles
Y no comprendo Espanol"
I speak only the language of English
I don't understand Espanol

For a moment I took a notion
Then I went into a dancing motion
She nodded her head
"Yo mucho gusto" she said
And she danced with more devotion
When her cheek came close to mine
I could hear her softly whisper
She said "Habla solo la lengua de Ingles
Y no comprenda Espanol"
I speak only the language of English
I don't understand Espanol

She placed her hand before my heart
And she whispered "Yo te amora"
With half - closed eyes
She raised her lips
And she said "Besame ahora"
She hold me close and she squeeze me tight
And she whispered " Yo quiero ahora"
I say "Hablo solo la lengua de Ingles
No comprendo Espanol"
I speak only the language of English
I don't understand Espanol
