Things that I used to do,
Some I won't do no more
Things that I used to do
Some I wont do no more

Used to sit and hold your hand, baby
Begging?you, not today

Used to search all night for you baby
And I search always anything
Used to search all night for you baby
And I search always anything
Yeah, and Im new alone again, darlin?
You was out
somewhere with your other man

Im gonna send you back to your mother, baby
Or Im gonna back to my family too
Im gonna send you back to your mother, baby
Or Im gonna back to my family too

Nothing I ever do pleases you, darlin?
Or I just cant
get along with you.
