Shirt-tails flapping in the wind
Waiting for my train to come in
Ticket reads like a faithful friend
Run the gamut back again
The rounds completed there's no more crowds
Towel around my neck - it's finished now
Stumbles blindly to the door
Impending Monday morn

Chorus ~
But it's easy on your own
Yes it's easy on your own
I'm gonna find a
Way back home

Many wants a mouth to feed
Time lapse it's just what you need
Walk in darkness and a light in view
It's none too soon
Vacant heads in a restaurant
Hand to hold not really what you want
It's all paired and it's all up front
Take another punt

Chorus

I said it's easy on your own
Yes it's easy on your own
I'm gonna find a
Way back home

It's easy
It's easy
It's easy on your own ~ x 4

I said it's easy on your own
Yes it's easy on your own
You betta find a
Way back home ~ x 2
