Fucking Crazy Town is dubbed dude  
They're fucking gonna kick a new market wide fucking  
open  
A new level of asskicking  
If anybody fucks with them they're gonna get a new  
ass-kicking  
and I'm gonna fucking deliver  
Cause I have no fucking ties  
I got no fucking contract  
I got nothing to lose  
Anybody fucks with us mother fuckers  
they gotta fuck with me  
and I'm gonna fuck 'em up  
Cause I got nothing to lose  
Don't fuck with Crazy Town  
They fucking rule dude  
Ya know  
I don't know if they even know how fucking big they are  
already  
I don't think they do personally  
But that's my opinion  
Your may yours may be different  
whatever  
Facts are facts  
They're gonna be fucking huge  
Get used to it  
Fuck you if you disagree  
You have no idea  
Crazy Town
