Tell me how you like us now
I remember the days we used to stop and watch and
drop the drops
But now we got the block unlocked with lots of props
No longer do we shock the rocks and cop the block(?)
So how ya like us now?

We used to be broke, now we coppin shifts
We used to make demos, but now we droppin' hits
Had ---- on the phone, but now we got ---
If you wanna catch me, you better hit me on the head
I used to be the dope man, supplying the coke, man
But now I slang CDs and I'm still the dope man
--- comin' up, we used to have people runnin' up
Fuck a bodyguard, I'll break your face if you're dumb
enough

You've heard of us, we ain't no murderous, but there's
a turn of us
We used to chase girls, and now they're wantin' us
Used to lace girls, but now they're turnin' us
Spinin' huns on us, droppin' funds on us
We used to chase girls, but they're chasin' us
We used to live the ouih life, and now we live the good
life
Don't run the label, but we runnin' it like Shug Knight

I remember the days we used to stop and watch and
drop the drops
But now we got the block unlocked with lots of props
No longer do we shock the rocks and cop the block(?)
So how ya like us now?
I remember the days we used to stop and watch and
drop the drops
But now we got the block unlocked with lots of props
No longer do we shock the rocks and cop the block(?)
So how ya like us now?

Tell me how you like us now

We came up, by doin' the same stuff
When we was rappin, you was hatin', now you wanna

change up
Cause you see we platinum chain up
You had the same chances we had and rose the same
bus
Now you wanna blame us, cuz you need luck
We used to have the same damn problem, now we're
famous
I used to have a bus pass, now I push a cadillac
We used to have no cheese, now we have too much
cash
We used to get no play, now we in rotation
I used to rock my CDs on a sony playstation
I used to be shy, now I'm outgoin'
Used to be a nice guy, but now I'm out hoein'
I used to like people, now I got an ego
When I was comin' up, society didn't treat me equal
The ladies used to play us, and treat us like some
suckas
But now that we got money, we're some sexy
mothafuckas
They wanted to be my lover, but said I was too nasty
Now they wanna flash me, and sexually harass me
I used to rock the timex, but now I don't recommend
them
Cause now I got the platinum, only with the diamonds
in em
Come here, check this shit out
BLING BLING

I remember the days we used to stop and watch and
drop the drops
But now we got the block unlocked with lots of props
No longer do we shock the rocks and cop the block(?)
So how ya like us now?
I remember the days we used to stop and watch and
drop the drops
But now we got the block unlocked with lots of props
No longer do we shock the rocks and cop the block(?)
So how ya like us now?
I remember the days (I remember them days)
I remember the days (I remember them days)
I remember the days (I remember them days)
I remember the days, the days, the days
I remember them days. Them days. Bitch.
