[Kool Keith]

Check out, these animals are beautiful, relax!

[Tim Dog]

Man we coulda got with some bitches

and you got me in the fuckin zoo?

[Kool] Look at the giraffe, she has a pretty ass

[Tim] What?

[Kool] The giraffe!

[Tim] Aw man, you - you like animals now  
motherfucker?

[Kool] C'mon man, I'm just spendin time with the  
animals

[Tim] Aw man, you know youse a bizarre nigga

[Intro: Kool Keith]

Hey baby, yeah who dyed your hair blonde?

I like the streaks

Oh, I like the way your butt look

Uhh, now why don't you change in the bathroom

I'ma look through the peephole, peek-a-boo!

Yeah - it's that kinky

[Kool Keith]

I used to grab honies by they neck, piss on they  
eyebrows

Open they rectum to throw the bombs down they  
asshole

BOOM! I blew them panties out the room

Emergency, emergency, it's a urgency

Her asshole out of order, her stomach ain't workin B

The doctor there with penicillin for her butthead

Operation attack, wires hooked on the booty

With three lights and rubber gloves tryin to find the

coochie

Her legs were splattered, flyin on the fuckin camcorder  
I heard the big explosion loud on the tape recorder  
I was experimentin, fuckin with a new invention  
I got nervous and called back the escort service  
I wind up jerkin off

[Chorus: unknown voice] + (Kool Keith)

Slow down, one second

Excuse me miss, I can't believe I'm about to leave this  
(Look in the mirror) Psycho melodic you jump on my tip  
(You got the Vaseline?) Takin me there, with just one  
kiss  
(Alcohol, my sores, Listerine pouring down my eye)

[Kool Keith]

And you know

I used to mix soda pops and alcohol with cough drops  
Then rub they knee caps and smear they face with  
Sugar Smacks  
Open they butts and pour ammonia down they pussy  
cracks  
Then fight they fire, pull they hair apart with metal  
pliers  
Fuck them with two stiff drinks, up on the kitchen sinks  
Make them pour Ajax, lick Comet off my nutsac  
Hold me tight with baseball gloves, crank the purple  
light  
I used to masturbate to tapes, "Planet of the Apes"  
I like Zera, I always wanted to fuck her, get near her  
And tell Cornelius get back and let her feel this  
I'm on some groove shit, not generic new improved shit  
With swimmin trunks in bed, my black shoes painted  
red  
Some hoes are rookies, my sheets filled with oatmeal  
cookies  
Can you put more Oreos in the bed?

[Chorus: unknown voice] + (Kool Keith)

Slow down, one second (more milk, in the pillow)

Excuse me miss, I can't believe I'm about to leave this  
(The goodness) Psycho melodic you jump on my tip  
(Grease, from the kitchen) Takin me there, with just  
one kiss  
(Crisco, is what we need)

[Kool Keith]

And you know, yeah

Can you bring that gorilla over here  
She looks so good  
I want a female giraffe, with extensions, and loooong

boots  
Look at the ass on that animal  
I love, to make love, to little babboons  
That is one of my favorite fetishes  
And lick that alligator
