Look here Princess
I'm not just here for you
So take off in your new Rolls Royce
I've got things to do

Look here Princess
I gave you everything
But now I want it all back
So I can start some living

Look here Princess
I want to be famous and rich
So I can be empty and bitter like you
Sitting home with nothing to do

Princess look now
I've got 15 women called Sue
20 women called Jane
And I'm sad

Look here Princess
Now I'm singin' this sad song
About a man in a kennel
Who cries all day long

Look here Princess
Don't shut me out for good
But keep me in mind for later
Like I always knew you would

Look here Princess
I'm in a desert now
I don't see no way out
You've got to show me how

Look here now Princess
I've got 15 women called Sue
20 women called Jane
And I'm sad

Look here Princess
I'm not just here for you

So take off in your new Rolls Royce
I've got things to do

Look here Princess
I gave you everything
But now I want it all back
So I can start some living

Look here Princess
I want to be famous and rich
So I can be empty and bitter like you
Sitting home with nothing to do

Princess look now
I've got 15 women called Sue
20 women called Jane
And I'm sad
