[Fresh Cream, Live Cream:]

I'm a sleepy time baby, a sleepy time boy.

Work only maybe, life is a joy.

We'll have a sleepy time time.

We'll have a sleepy time time.

We'll have a sleepy time time.

We'll have a sleepy time time.

Sleepy time time.

Sleepy time time all the time.

Asleep in the daytime, asleep at night.

Life is all playtime; working ain't right.

We'll have a sleepy time time.

We'll have a sleepy time time.

We'll have a sleepy time time.

We'll have a sleepy time time.

Sleepy time time.

Sleepy time time all the time.

I have my Sunday, that ain't no lie.\*

But on Monday morning comes my favorite try.\*

We'll have a sleepy time time.

We'll have a sleepy time time.

We'll have a sleepy time time.

We'll have a sleepy time time.

Sleepy time time.

Sleepy time time all the time.

\* Live Cream:

I have my Sunday, no body no lie.

But on Monday morning it's my favorite try.
