"We're Going Wrong"

Please, open your eyes, try to realize
I found out today we're going wrong
We're going wrong

Please, open your mind
See, see what you can find
I have found out today we're going wrong
Going wrong, going wrong, going wrong

Please, open your mind
See, what you can find
I found out today we're going wrong
We're going wrong, going wrong, going wrong

Going, going, going wrong, going wrong
Going wrong, going wrong, going
We're going wrong, wrong
