It's snowing here since late last night  
I miss you to  
What's that you say?  
So you've been good  
Are you glad you're out of school

And did I hear your mother say  
It's almost time for bed  
I guess it's kind of late better go do what she says now

So you put the star on top  
And the stockings up  
I'll be home soon

I know it's hard to wait  
Hard to wait that long  
I love you to

2x  
And did I hear your mother say  
It's almost time for bed  
I guess it's kind of late better go do what she says now  
It's just a dream away  
Till Christmas morning's here  
When you wake up I'll be there
