Once upon a time  
People fell in love & they stayed in love  
It never crossed there mind  
Not to see it through when they said I do  
This modern world changes so fast  
Hearts break apart like they're made out of glass  
It's getting hard to believe in love that can last  
I will if you will

Once in every life  
Someone comes along like you've come along  
And it would be so nice  
If this happiness could go on and on  
But in this modern world troubles come by  
People let go the first tear they cry  
Someone has to be strong to keep love alive  
I will if you will

But in this modern world troubles come by  
People let go the first tear they cry  
Someone has to be strong for love to survive  
I will if you will  
Lert's give it a try  
Let's do it or die  
I will if you will
