I took you home from a party and we kissed and  
burned  
A few stolen kisses and no harm was done  
Instead of stopping when we could we went right on  
Til suddenly we found that the brakes were gone  
Oh you belong to someone else and I do too  
It's just crazy bein' here with you  
Like a bad motorcycle with the devil in the seat

Goin' ninety miles an hour down a dead end street  
Goin' ninety miles an hour down a dead end street

I did not want to want you but now I have no choice  
To late to listen to that whining voice  
All I hear is thunder when two hearts beat

Goin' ninety miles an hour down a dead end street  
Goin' ninety miles an hour down a dead end street

Oh you're not free to belong to me  
And you know that I could never be your own  
But your lips on mine  
Oh, the sweet, sweet wine  
What are we going to do

Warning signs are flashing everywhere we pay no heed  
Instead of slowing down the pace we're picking up  
speed  
Disaster's getting closer everytime we meet

Goin' ninety miles an hour down a dead end street  
Goin' ninety miles an hour down a dead end street

Goin ninety miles an hour down a dead end street  
Disaster's getting closer every time we meet
