Rosie was never one for turnin' heads
She was just always kinda' there
She had a few nice features more or less
No red ribbons in her hair
Since that Jesse's been comin' to the diner
Folks are sayin' that she's never looked finer-
She's got a different air
She's taken a shine to him
Becoming the woman that she's never been
And all of the guys are wishin' they hadn't been so
blind
She's taken a shine to life
Now there's a sparkle in her eye
They all missed a gem
A diamond within
She's taken a shine
Rosie hardly ever missed a bit of work
Never took vacation days
Home, or the diner, it was all the same to her
She didn't know any other way
But each afternoon now she starts to come alive
'Cause Jesse's there each day to pick her up at five
You ought to hear them say
She's taken a shine to him
Becoming the woman that she's never been
And all of the guys are wishin' they hadn't been so
blind
She's taken a shine to life
Now there's a sparkle in her eye
They all missed a gem
A diamond within
She's taken a shine
Oh, what a little love can do
Now that she's found herself
She's stronger than she ever knew
She's taken a shine to him
Becoming the woman that she's never been
And all of the guys are wishin' they hadn't been so
blind
She's taken a shine to life
Now there's a sparkle in her eye
They all missed a gem

A diamond within
She's taken a shine
