It's been a long time since I've held her close

We've misplaced feelings that we used to know

thought I could see between the lines I read

But I wasn't ready when she turned to me and said

I can't eat and I can't sleep

Sometimes I find it hard to breath

I break down and cry not knowing why

But now I can't lie

I'm standing on the edge of goodbye

All of those years came rushing through my mind

And I found myself back in a simpler time

Just two young kids runnin' on fire and dreams

And in her eyes I realized she was calling out to me

I can't eat and I can't sleep

Sometimes I find it hard to breath

I break down and cry not knowing why

But now I can't lie

I'm standing on the edge of goodbye

I would do anything to let her know

There's just no way my heart can let her go

I can't eat and I can't sleep

Sometimes I find it hard to breath

I break down and cry not knowing why

But now I can't lie

I'm standing on the edge of goodbye

Goodbye

I can't eat and I can't sleep

Sometimes I find it hard to breath

I break down and cry not knowing why

Now I can't lie

I'm standing on the edge of goodbye

Goodbye
