

Creation Malevolent "Dominated Resurgency"

Visit "[Dominated Resurgency](#)" on MotoLyrics.com

lust, lust, lust
lust, lust, lust

No fear of touch
In its sadistic array
Anticipate the stroke
Of equal pain, pain!

Bred to please, single goal achieved
Dominated through life
Estatic release, well worth the price
Enslaved birth rite
Limbs twisting out their passionate embrace
Blood gorging the veins, the veins

Swelling of the flesh, uncontrollable rise
To suffice the urge, of their calling's entice
No fear of pain, only excitement of fear
Drained and raw you scream, continue to endure

Dominated resurgency
No fear of flesh
No fear of domination

Restrained limbs mesh

No fear of pain, only excitement of fear
Drained and raw, continue to endure
Bonded on tile, collared, alive
Next realm achieved, orgasms cry

Dominate, dominating, dominated, dominating
Dominated resurgency
