So you've been told to control your anger
Don't take it out on me
You find it hard to suppress and it lingers
Abuse you family

This reality, this reality
Gets the best of me, gets the best of me
Whoa, fuck it, fuck it

The affinity, the affinity
Yes, the insanity, the insanity.
Whoa, suck it, suck it

Well I've been told how to deal with the danger
Release anxiety
I spend my life as an absent stranger
When I'm really free

This reality, this reality
Gets the best of me, gets the best of me
Whoa, fuck it, fuck it

The affinity, the affinity
Yes, the insanity, the insanity.
Whoa, suck it, suck it

Hey mister would you be so kind
I know it's kind of rough
I'd like to help you if you wouldn't mind
Could not be so tough

Whoa, you never stop to listen
You never think to care
Can see what you've been missing
Oh would you even dare

Hey little sister with her heart of stone
What kind of fool are you
Can't you tell that it's your soul that's dying
From the things that you do

Whoa, you never stop to listen

You never think to care
Can see what you've been missing
Oh would you even dare, yeah

I think I'm sick
Yeah, I think I'm sick
Yeah

So you've been told to control your anger
Don't take it out on me
You find it hard to suppress and it lingers
Abuse you family

This reality, this reality
Gets the best of me, gets the best of me
Whoa, fuck it, fuck it

The affinity, the affinity
Yes, the insanity, the insanity.
Whoa, suck it, suck it

I think I'm sick
Yeah, I think I'm sick
Yeah
