I stand surrounded by the walls that once confined me.
Knowing I'll be underneath them when they crumble,
when they fall.

With clarity my scars remind me,
Ash still simmers just under my skin

Indifference smiles again
So much I hide
How is stepping back a move forward?

Now I'm forced to look behind
I'm forced to look at you
You wear a thousand faces
Tell me, tell me which is you
Broken mirrors paint the floor
Why can't you see the truth?
You wear a thousand faces
Tell me, tell me which is you.
Tell me which is you.

Eerily time made no change
Pointing fingers, laying blame.
Lying over and over and over and over.
Decieving your mind
Dug my grave, trashed my name
Yet here I stand, so you won't fade away

Indifference smiles again
So much I hide
How is stepping back a move forward?

Now I'm forced to look behind
I'm forced to look at you
You wear a thousand faces
Tell me, tell me which is you
Broken mirrors paint the floor
Why can't you see the truth?
You wear a thousand faces
Tell me, tell me which is you.
Tell me which is you.

I bleed inside

(I bleed)
Just let it out
(You got to let it out)
Just let it out
(You got to let it out, that bullshit)
I bleed inside
(Inside)
Just let it out
(You got to let it out)
Just let it out
(Just let it out)
Let it die!

Now I'm forced to look behind
I'm forced to look at you
You wear a thousand faces
Tell me, tell me which is you
Broken mirrors paint the floor
Why can't you tell the truth?
You wear a thousand faces
Tell me, tell me which is you

You wear a thousand faces,
Tell me which is you.

Tell me which is you.
