I give my all my everything
Anything you want I've tried to be
I tried, god knows I tried
Or am I stuck somewhere between
Who I am and who I hope to be
Am I fighting the good fight

Keep pressing on
Fight the good fight
Fight, what you know is wrong
Keep pressing on
Fight the good fight
Fight, what you know is wrong

I've come so far to fall too fast
As for? I can't look back I try
God knows I try
I shift my eyes to the sky
In the distance see the horizon line
She waits for me
Fighting the good fight

Keep pressing on
Fight the good fight
Fight, what you know is wrong
Keep pressing on
Fight the good fight
Fight, what you know is wrong

I give my all my everything
Anything you want I strive to be
Am I stuck somewhere between
Who I am and who I hope to be
Fighting, I'm fighting
Fighting the good fight
Am I stuck somewhere in between
Who I am and who I hope to be

Keep pressing on
Fight the good fight
Fight, what you know is wrong
Keep pressing on

Fight the good fight
Fight, what you know is wrong

Remember that
Sometimes I fall in between
The nights blue moon and the shadows
Fight on, Fight the good fight
What you know is wrong
I'll keep fighting
Fight on, keep fighting the good fight
Fight on, fight on
