Cockfight
Cockfight
Filthy bums and lunatics
Surprising people with their dicks
Cockfight
Cockfight
Pouncing with their genitals
Slapping with their testicles

In the city depths
Behind alley streets
Lives a grotesque club
Of homeless cretin freaks
Stalking in the dark
Without any pants
Crawling through the trash
They wait for those who pass

Here comes someone walking by
Unsuspecting normal guy
Cockfighters assault the loner
Ambush with their dirty boners

Some scream while they hump
Bruising inner thighs
Some just masturbate
Others hug and cry
Too afraid to move
Victims shut their eyes
Listen to the madmen
Titter, moan, and sigh

Outcasts driven to seek pleasure
Cockfighters are kind of clever
Mixing sex with violence
Cretins make perverted sense
