

Cretin "Profane"

Visit "[Profane](#)" on MotoLyrics.com

From the depths
Of the brain
A stream of cussing I can't refrain
Violent breath
Mental curse
Go from normal straight to terse
People laugh
Faces scowl
Words are blue and very foul
Spittle flies
Chin is wet
Goddamn motherfuck—Tourette's

They say I'm not to fucking blame
I am profane but not insane
Motherfucker, tit, cocksucker
Shit, piss, fuck, cunt

Start to talk
Foot in mouth
Conversation going south
People wince
At what is said
Out come words like ass-fuck-head
Little kids
Learn new words
I smile big but flip the bird
Screaming fits
Are what they get
Goddamn motherfuck—Tourette's

They say I'm not to fucking blame
I am profane but not insane
Motherfucker, tit, cocksucker
Shit, piss, fuck, cunt

Fuck you
