The chaos is mine the jokes on you,  
I'm aggrovating I'm annoying you,  
I'm having a laugh at your expense,  
And you're a victim of my childish pranks.

Cos I aggrovate you x 4  
Whatcha gonna do.

I'm alright, sod you Jack  
I'll push you in front while your standing weight.  
You don't get nothing that you don't take,  
You don't get nothing on a silver plate.

Cos I aggrovate you x 4

They said grow up, act your own age,  
They said your fashion is out of date  
They stand and stare cos you're outta place  
But I don't care cos it suits my face,

Don't wanna be a young executive don't wanna die  
radio active,  
Don't wanna save the world from your abiss  
Don't wanna be part of the human race.

Cos I aggrovate you x 4  
Watcha gonna do  
Oi oi oi oi oi  
I'm aggrovating you  
I'm annoying you
