I conjure thee O Ancestor of the Gods!
I summon thee creature of Darkness by the works of
Darkness.
I summon thee creature of Hatred by the works of
Hatred.
I summon thee creature of the wastes by the Rites of
the Wastes.
I summon the creature of Pain by the words of Pain.
I summon thee and call forth thee from thy abode in
Darkness.
I evoke thee from thy resting place in the bowels of the
Earth -
May the dead rise -
may the dead rise and smell the incense.
I summon thee O stormbringer from the depths below
the depths,
may your chaos be set forth!

Come forth Stormbringer,
ride the ancient winds,
Rise up legions spawned from the Serpent of KUR.
AZAG-THOTH,
PAZUZU lead us unto war.
TIAMAT,
KINGU may thy children be reborn,
fearless towards battle,
fierce as the darkest storm unleashed from the bowels
of the mountains of MASHU.
Come forth to the Night,
unto thine Chalice Bleed,
Bleed upon the altar of Immortality.

INA ZUMRI YA LU TAPPARRASAMA!

I manifest to astral spheres,
before me layeth the sacred cup of the Draconis.
I embrace the sweet wine and savor the metallic taste.
For I have consumed the blood that lives forever more,
the blood of the Draconis.
I drink the blood,
the hate of KINGU rages on.
The furious tempest unleashes black storms and the

chaos crawls beyond the stars,
to unleash fury amongst the blackened earth.

Oh Dragon of the Apocalypse,
come forth to reap the living,
come forth to drink the blood,
come forth to thine sphere of solitude,
come forth to thine entrapment of chaos.
Storm upon the heavens,
cast out the light set forth the darkness upon Winter
Skies.

Below the Heavenly skies,
the storm clouds spill forth the Elder's blood upon the
Blackened and dying Earth.
Crimson rivers run through the crumbled ruins all has
been vanquished,
all has been destroyed,
all that remains is the eternal storm.
