### "Attention Deficit"

Collision and indifference  
The air too cold to breathe  
A secret full of prophecies  
The truth within a dream

Restraint cocoons the arrogance  
And fear has wrapped deceit  
These hands gave birth to violence  
A bitten pair that feeds

[Ref:]  
Posing silence  
Attention deficit  
I am silence  
Feeding the deficit

A common joint polarity  
Beneath the crowd applauds  
Corrosion of prosperity  
Messiah sent abroad

Self-refined matriarchy  
Keeps the pain alive  
An outline for the enemy  
A reason to survive

A curfew and a labyrinth  
Life in the exile  
Oral pong and peppermint  
Faithful but senile

Cloven ruins of decadence  
Construction to collapse  
Overrated relevance  
Another ones effects

Shadows hide the overdose  
Believers justify  
Talkative though comatose  
A story and a lie

Hyperbolic masterplan  
Countdown to excuse  
Fingers-crossing gentleman  
Nature of abuse
