The triumph of the underdog  
Questioning the world  
A higher gain of circumstance  
Lest we forget

For now the case is clear  
For now the fellow rescued  
When truth is what we fear  
Then fear is nevermore

How could it all have come this far?  
And now -- how do we cope?  
The best, it seems, is to shut up  
And let bygones be gone

When all we have is here  
There's nothing left to witness  
So don't deny what we're  
And let's just mind our business

Hope is the devil  
The devil is mine  
Devil reveals

What a flesh-devoured skull you are!  
One-eyed among the blind!  
Now you see, you can't forget  
You wish, you'd never known

The more there is to hide  
The more there's to uncover  
So welcome to the other side  
This trip here is hell!

"Fool!  
Don't you see now  
That I could have poisoned you?  
A hundred times had I been able to live without you."

"Fool!  
Don't you see now

That I could have poisoned you a hundred times?  
... had I been able to live without you."
