Do ya think... that I could hold you
Or kiss you
Do anything for you
Then walk away

Oh little brown eyes
Sweet little brown eyes
My little brown eyes
That's not me

People say I'm always late
Instead I'm trying and always sighing
For only you

Oh little brown eyes
Sweet little brown eyes
My little brown eyes
Stay with me

You know I'd never, I'd never be untrue

You know I'd never, I'd never make you blue
That's why I love ya, I love ya like I do

Do ya think, that I could hold you
Or kiss you
Do anything for you
Then walk away

Oh little brown eyes
Sweet little brown eyes
My little brown eyes
That's not me

Oh little brown eyes
Sweet little brown eyes
My little brown eyes
That's not me
