Wake up  
Wake up she said  
As darkness decends on his dim life.  
Wake up

I'm alive and alone.  
A lost soul in a world of illusion.  
If we are not one.

Wake up Wake up... burn... Wake up Wake up

As a story of a life zooms out from my mind  
I've come to realize that we're just but a million kinds  
A piece of dust - lost souls in the wind  
Do our lifetimes end before they begin

I'm so happy,  
I'm so gay.  
All is well,  
That ends well.  
Come alive  
(She said to me)  
I'm alive  
(You want to be)  
Come alive  
(She said to me)  
I'm alive alone  
I'm alive alone

Wake up Wake up  
(Burn)  
Wake up Wake up  
Burn mother burn burn

A toe tag ends the tale of a life insignificant  
Or so they say in the news today  
Smiling faces - live for the moment  
But before you know it  
They'll be reading off the tag on your toe

I'm so happy,  
I'm so gay.

All is well,  
That ends well.  
Come alive  
(She said to me)  
I'm alive  
(You want to be)  
Come alive  
(She said to me)  
I'm alive alone  
I'm alive alone

Wake up Wake up  
Burn, Burn, Burn, Burn... Burn  
Wake up Wake up  
AND BURN MOTHER BURN BURN!

Wake up Wake up  
Wake up and live  
Wake up and breathe  
And burn mother burn burn

Wake up Wake up  
Wake up and live  
Wake up and breathe  
And burn mother burn burn

I'm so happy,  
I'm so gay.  
All is well,  
That ends well.  
Come alive  
(She said to me)  
I'm alive  
(You want to be)  
Come alive  
(She said to me)

I'm alive alone(to me)  
I'm alive alone(to me)  
I'm alive alone(to me)  
I'm alive alone.
