Another day I want to see
Another place I want to be
[Whispered] Another day I wanna see
Another place I wanna be
Another day I wanna see
Another place I wanna be
Another day I wanna see
Another place I wanna be
Another day I wanna see
Another place I wanna be

Find a place in my mind
Where I loose myself inside your paradise
So I close my eyes
And start to rise
As your body wraps around me
... paradise
(Another place I want to be)
(Another day I want to see)
(Another place I want to be)
(Another day I want to see)
(Another place I want to be)
Now I come to you
Now you want me too
I'll never let you go
Nothing here can get you
Nothing can get you

Nothing can get you
Nothing can get you
Nothing can get you
Nothing can get you
See where I long to be
All the demons I have conquered to be free
Now I come to you
'Cause you want, want me too
Step into a fairy tale that has come true
(Another place I want to be)
(Another day I want to see)
(Another place I want to be)
(Another day I want to see)
(Another place I want to be)

Now I come to you
Now you want me too
I'll never let you go
Nothing here can get you
