Cheap thrills  
And hot lies  
They keep me up at night  
And shark pills  
Taken twice  
I can leave it all behind  
It's like a feel  
I feel tonight  
And the sea is getting route  
So dark, and hard to find  
When you lose your mind

Chorus  
So go, I'm driving fast, down the street, I've cut my  
knees,  
The bleeding, all the words I could not say  
I know,  
I speed around the corner,  
I scritch the sound  
I hear the car, is scrumbling as if it's the one

So stop here, this guy is heaven up,  
Last breathe is drawn, I'm screaming out  
And I fall apart, and see myself  
Shout out x3  
And it's hard to own the time  
It's hard to own

And sugar up, and sweet tears  
Now you've been gone for so many years  
And I know, that you said, that'd be problems ahead  
But my soul, it wants out it's,  
Got big dreams and wants to go south  
With the bates, the bird and the beason  
Some of me

Chorus  
So go, I'm driving fast, down the street, I've cut my  
knees,  
The bleeding all the words I could not say  
I know,  
I speed around the corner scritch, the sound I hear the  
car is

scrumbling as if it's the one  
So stop here, this guy is heaven up,  
Last breathe is drawn, I'm screaming out  
And I fall apart, and see myself

Shout out xxx

So go, I'm driving fast, down the street, I've cut my  
knees,  
The bleeding all the words I could not say
