When you come 'round
I fall out with myself
It's not my fault
That I can't stop
And I am riddled with doubt
And the streets drip with sin
Drip all around
So I can begin again

I do propose
But not in a way you would like
I've suffered enough
As the dark burns my skin
Upon the ground
All cradled in glass broken but tough
I jump in a hole deep within

Step it off
Step it off
'Cause I am coming in
Shake it off
Shake it off
'Cause I'm stuck in a whirlwind
Take it low
Take it low
And wonder how it is
Ooh oh wooh
And the sky is falling

Upon the sun
It's cracking and all dust
The earth is gone
Already dripping with blood
And I'm at one with the fact
That it's ruined in rubble
And I don't want to live alone.

Step it off
Step it off
'Cause I am coming in
Shake it off
Shake it off

'Cause I'm stuck in a whirlwind
Take it low
Take it low
And wonder how it is
Ooh oh wooh
'Cause the sky is falling

Step it off
Step it off
'Cause I am coming in
Shake it off
Shake it off
'Cause I'm stuck in a whirlwind
Take it low
Take it low
And wonder how it is
Ooh oh wooh
And the sky is falling
