Iâ'ma step off baby, cause you act so shady
Thought you was a real lady, now you driving me
crazy!
You keep on running your game
And Iâ'm the one whoâ's to blame!

Chorus:

Lights out, itâ's over
And I keep trying to tell her
I donâ't want you calling
I canâ't sleep, I keep dreaming
Oh, donâ't want you coming near me,
I know youâ're somebodyâ's girl!

Too many nights staying up
Waiting on you to call
I got my mind made up
I decided not to fall in love
Iâ'm not the one whoâ's in doubt, youâ're playing
yourself
I gave you everything, I did it to help

Now Iâ'ma step off baby, cause you act so shady
Thought you was a real lady, now you drivin me crazy!
You keep on running your game
And Iâ'm the one whoâ's to blame!

Chorus:

Lights out, itâ's over
And I keep trying to tell her
I donâ't want you calling
I canâ't sleep, I keep dreaming
Oh, donâ't want you coming near me,
I know youâ're somebodyâ's girl!

So now youâ're acting slick, leaving me alone
I wouldnâ't be too quick hanging up the phone on me,
no!
I canâ't believe youâ're being dirty and mean
Itâ's like my eyes stay closed, not trying to see it!

So Iâ'ma step off baby, cause you act so shady

Thought you was a real lady, now you drivin me crazy!
You keep on running your game
And IÂ'm the one whoÂ's to blame!

Chorus:

Lights out, itÂ's over
And I keep trying to tell her
I donÂ't want you calling
I canÂ't sleep, I keep dreaming
Oh, donÂ't want you coming near me,
I know youÂ're somebodyÂ's girl!
Uh, youÂ're not my girlfriend, oh oh!

Mamacita, was really nice to meet ya
I wanna break you off cause you got the right features
The ghetto, I said mia, pero tiene tantos creepers
Cause I wonÂ't fight for love
Girl, IÂ'd rather just leave ya

You keep on runnin yo game
But your time is up from today
So many broads in this world
And I donÂ't want nobodyÂ's girl

Chorus:

Lights out, itÂ's over
And I keep trying to tell her
I donÂ't want you calling
I canÂ't sleep, I keep dreaming
Oh, donÂ't want you coming near me,
I know youÂ're somebodyÂ's girl!
