Baby I know you understand
I'm doing the best I can
I'm just trying to be your man
I'll always watch ur back for you
For many reasons things have changed
And nothing even feels the same
Tell how we got this way
How did we get to this place

I never in my life thought that we end up this way
Cuz I was just so in love with you
And Now it feels so different
Like everything has changed
Shorty why can't we talk about it
I don't know what to do
Cuz we don't even talk anymore (no we don't)
And I'm feeling so much different than before
And it feels like my whole life is crashing down
But chu know (I still love you) I wont let you go

I never know what to expect
How bad are we gonna let this get
You haven't listen to me yet
I tried to talk this out for you
I Sorta just gave up on us
But relationship are built in trust
I don't trust you anyway
How did we get to this place

I never in my life thought that we end up this way
Cuz I was just so in love with you
And now it feels so different
Like everything has changed
Shorty why can't we talk about it
Cuz I don't know what to do
Cuz we don't even talk anymore (no we don't)
And I'm feeling so much different than before
And it feels like my whole life is crashing down
But chu know (I still love you) I wont let you go

If we stop for a minute
Just to talk for a minute

Baby you and I
Can somehow try to keep how it use to be
Change is unneeded
Can you be more understanding
Don't chu cry
All of this is killing me
Cuz we don't even talk anymore (no we don't)
And I'm feeling so much different than before
And it feels like my whole life is crashing down
But chu know, I wont let you go
Cuz we don't even talk anymore
And I'm feeling so much different than before
And it feels like my whole life is crashing down
But chu know, I wont let you go

I never in my life thought that we end up this way
Cuz I was so in love with you...
