Fast tracking it in his Mercedes Benz  
He picks up the call on his cell phone  
His wife says You gotta come home now  
I need to talk to you alone  
He says I'd like to but I'm way too busy  
Since then a voice says I'm dying  
The words slow his life in an instant  
He crumples broken and crying

It's sad when a love neglected  
Comes sharply into focus  
Only when the light is fading  
And we're grasping for hope in the darkness

She was young and oh so beautiful  
All the cars would stop so guys could see her  
Her bible's tossed into a dresser  
The rosary decorates the rear view mirror  
She sneaks out at night she likes to partu  
She tried to drive when she could barely see  
She was the apple of her father's eye  
Who oh why did she have to die

It's sad when a love neglected  
Comes sharply into focus  
Only when the light is fading  
And we're grasping for hope in the darkness

{Bridge}

Don't you see it could easily be me  
Who loses and neglects your love

If we relive choices  
That have slipped right through our fingers  
God help us show us today  
How to love along the way

It's sad when a love neglected  
Comes sharply into focus  
Only when the light is fading  
And we're grasping for hope in the darkness
