Verse 1: These memories that we share  
They show up all of my dreams  
And our lifes are going great  
Just so perfect it seems  
Do you remember our first kiss  
It comes to me as it was yesterday  
Wish it couldve lasted forever and never fade away

Chorus: Anything, I'll do anything for you  
Woah anything, yeah I'll show you it's true  
Like I'd jump in front of a thousand knives  
Just for another moment of our lives  
Together, woah, woah

Verse 2: Your smiles worth more than the sun  
Why would I tell you that just for fun  
My eyes open as I wake up to you  
This is all I wish to do  
With your eyes gleeming back so bright  
Creating a beautiful light  
It lasts every moment of everyday  
And I really like it this way

Chorus: Anything, I'll do anything for you  
Woah anything, yeah I'll show you it's true  
Like I'd jump in front of a speeding train  
Just for one more kiss in pouring rain  
Together, woah, woah

Verse 3: But these emotions that I feel  
Their unexplainable  
But their also overated when our lives are overtaking  
But if I could take the chance  
I'd tell you how I feel  
We'd be here forever telling you things that are so real  
I'll tell you a tale now  
A tale of me and you  
A tale of love which we find to be so true  
Where one word says it all  
I even wrote it on my wall  
Where I thing of you everynight as I love you with all my  
might

Chorus: Anything, I'll do anything for you  
Woah anything, yeah I'll show you it's true  
Like I'd jump in front of a thousand knives  
Just for another moment of our lives  
Together, woah, woah

Woah, woah, woah  
Woah, woah, woah
