Memories of the times you had  
That's the way you see yourself  
You fight for your rights  
You fight to survive

You come into this world  
With nothing except yourself  
You, you leave this world  
With nothing except yourself

Do what you want  
And how you want it  
Feel it's right, go out and do it  
Think for yourself  
And think for the best  
Or you'll go down just like the rest

You come into this world  
With nothing except yourself  
You, you leave this world  
With nothing except yourself
