Under nauseous skies  
Sad glow of night  
Hung me by a flower  
And in my fright

I closed my eyes  
I swallowed lies  
I was swinging from the gallows  
Sun passed in the night

She was laid on like a bible  
My skin went tight  
When I caught her from the gallows  
She just said good night

But it's alright  
Yeah, I'll get by  
I'll just get high  
Learn how to die

I don't mind  
I don't mind

Nothing turns me off  
Nothing turns me on  
I was hung up on a flower  
And she was gone

But it's alright  
Yeah, I'll get by  
I'll still be hanging there  
Without you by my side

I don't mind  
I don't mind  
I don't mind  
I don't mind
