What is this green slime that I'm licking? The taste is so  
foul, yet  
Exotic. I think it must be bat shit, because it makes me  
feel so erotic.  
What is this terrible headache I am suffering? I have  
taken all kinds of  
Drugs but the pain won't stop. I believe... I believe... I  
must be turning  
Into a morbid. It makes me throw up violently.  
Incredible amount of blood.  
Black blood. Black vomit. What is this disease that's  
eating me alive?  
Turning me into a somekind of walking corpse. I am  
changing into a passive  
Aggressive. And I feel an urge to kill 90% of mankind. It  
seems to have  
Mysterious attraction to my eyes and testicles. My eyes,  
they've turned red  
And threatening. My testicles, they're swollen and  
partly rotten. I even  
Have blood dripping from my nipples. I must be  
infected with Ebola Zaire.
