The wind calls his name  
Recounting a story of truth  
A restless heart is fading away  
Long forgotten is his youth

The trees sway in the whispering wind  
A flicker in his eyes  
As he remembers times of vengeance and hate.  
Love and pride.

Once a king, now a fool  
The strength in his body is gone  
A mighty man remembering the time of his glorious  
past  
Ascending a hill for the last time,  
The wind blows through his hair  
A tear of pain runs down his face  
The old king fades away!

Oh, master of the wind  
Take away my soul  
Tell this story of mine  
And remember the restless king

The restless king

But at the top of the hill  
Near to the stars  
A shout will rend the night  
His sword will end his life

"Oh father of nature, of place and of time  
Let my ashes float away  
Grant to me the eagle's wings  
To bear me to the Halls of Fame"

A flash of light  
A mighty sound  
The heavens open wide  
The wind has gone and his soul rises  
In an eternal shining light!

Oh, master of the wind  
Take away my soul  
Tell this story of mine  
And remember the restless king
