Everyday I'm playin'
Till my fingers bleed
The only thing that matters
All I need

Plug me in, turn it up
I'm livin' proof - can't get enough
Don't wanna work; just wanna play
But ever since that day...

I had a rock and roll dream - and I was the star
I went around the world - playin' my guitar
I was livin' the life - if you know what I mean
'Cuz every boy needs - a rock 'n roll dream!

You know I got to get out
Take it on the road
A never-ending party
So I'm told

Different town every night
On the stage feelin' right
I'll never stop, ain't no fad
I know I got it bad...

I had a rock and roll dream - and I was the star
I went around the world - playin' my guitar
I was livin' the life - if you know what I mean
'Cuz everybody needs - a rock 'n roll dream!

Lets go!

I have a rock and roll dream - and I am the star
I go around the world - playin' my guitar
I am livin' the life - if you know what I mean
All of us need - a Rock 'N Roll Dream!

A rock 'n roll dream, yeah
A rock 'n roll dream, yeah!
You know what I mean!
Come on!
