Neil Young

When the day is dawning

Who's the radio

Who's the hand in your hand

Who's the one who knows

When you're on the ropes

She's the one you can lean on

And I really don't know why I feel so good

But it's happening to me so I knock on wood

Who can call you darling

Who can make you stand

Who's got all the answers

When things get out of hand

Who's got all the moves

She's the queen of them all

She's the queen of them all

She's the queen of them all

Walkin' proud with her colours showing

She's the queen of them all

When the sun is setting

Who will hold your hand

Who is always there for you

Who can understand

She's got all the moves

She's the queen of them all
