Words & Music - Stephen Stills

Forgive me if my fantasies might seem a little  
shopworn

I'm sure you've heard it all before. I wonder what's the  
right form

Love songs written for you, it's been going down for  
years

But to sing what's in my heart seems more honest than  
the tears.

I am curious, don't want to hurry us.

I'm intrigued with us.

Ain't this song a bust.

I don't care, dark star.

I met you several years ago,

The times they were so strange, but I had a feeling.

You looked into my eyes just once,

An instant flashing by that we were stealing.

Another time you felt so bad,

And I wasn't any help at all as I recall.

We didn't quite know what to do so we left the wanting  
be

Still there for me and you.

Dark star, I see you in the morning,

Dark star, a' sleeping next to me.

Dark star, let the memory of the evening

Be the first thing that you think of

When you open up your smile and see me, dark star.

It's easy to be with you

Even with the storms that rage beneath your search for  
peace.

We must make some time together

Take the kids and find a world that's ours to keep.

Now you've got me dreaming girl.

It's been so long that I thought that I'd forgotten how.

My heart is once again my soul.

We touched, we did, you know we did, no more teasing  
now.

Dark star, I see you in the morning,

Dark star, a' sleeping next to me.

Dark star, let the memory of the evening

Be the first thing that you think of

When you open up your smile and see me, dark star.
