Intro. (Acoustic guitar)

I was with you you were alone

Now I'm standing here

Wisdom came only after you'd gone

So I'm starting all over

With a tear in my eye

I just never thought that you'd disappear

In the night your image arises

Close behind comes the pain

I hope I'm dreaming 'cos it hurts so bad

When I reach out for you

I'm alone in some room

I just never thought that you'd disappear

I still love you

Like a child wasn't I good enough?

I still want you

Drives me wild

Haven't we had it rough

Haven't we lost enough?

Instrumental (Acoustic guitar)

Time heals all so they say I don't know

Sometimes nothing is clear

Maybe someday I'll understand

But I know for a start

There's a place in my heart

That is yours and it won't disappear

I still love you

Like a child wasn't I good enough?

I still want you

Drives me wild

Haven't we had it rough

I still love you

Like a child wasn't I good enough?

I still want you

Drives me wild

Haven't we had it rough

Haven't we lost enough?
