[Verse 1]

Up in here Homez
In this bitch that I call life
Call life
There's not a lot light
Apart from the light in my heart
There is not a lot light
Um exact zu sein eigentlich gar keins
Motherfucker it dark my life's a dark night
Full of dissipations
Full of drama tragedy and pain
24/7/365
Nothing but mental terror n rain
No Motherfucker no, no
It's not warm up in here
Not war in this Hoo
Love is scarce love is rear
Denn hier regiert das Gegenteil von wärme
Das Gegenteil von liebe , das Gegenteil von
Zusammenhalt und Harmonie
Homes it's almost like
Ganz gleich
In welche Richtung auch immer ich mich drehen mag
Bin Umgeben von der Dunkelheit und ihren Lakaien
Es ist die Hölle Homez
es muss einfach die Hölle sein denn
Egal was ich tu egal was ich mach
Wie sehr ich mir auch den Arsch auf reis
Es bleibt dark
My heart the only source of light as I march and see

[Bridge]

Only darkness every day
Only darkness every day
Only darkness in this Motherfucking Hoo

[Chorus]

Ain't no sunshine
When she's gone
Only darkness every day
Ain't no sunshine
When she's gone

And she's always gone too long
Any time she goes away
Wondering this time
Where she's gone
Wondering if she's gonna stay
Ain't no sunshine
When she's gone
This house
Just ain't no home
Any time she goes away
[Verse 2]
Up in here Homez in this ho that I call life
Call life
And ain't nobody cares
It cemce that they are all dead n gone
Their souls lost and sold
Their hearts already possessed by the murk
They all merged its so sad n it hurts
Cuz I guess imp alone now
The last on left the last one in this Hoo
The last on left one
Whit the will 2 fight the will 2walk
Unflagaly without a pause
Bis is endlich die sonne am Horizont erblicke und weis
Das is das letzte mal das ich diese scheiße Dreck hier
singen muss
[Bridge]
Only darkness every day
Only darkness every day
Only darkness in this Motherfucking Hoo
[Chorus]
Ain't no sunshine
When she's gone
Only darkness every day
Ain't no sunshine
When she's gone
And she's always gone too long
Any time she goes away
Wondering this time
Where she's gone
Wondering if she's gonna stay
Ain't no sunshine
When she's gone
This house
Just ain't no home
Any time she goes away

(In this Motherfucking Hoo Men)
