I'm the one under your skin Cheap red wine and cheaper sin I'm the one behind those eyes Deep beneath, in between your sighs

If you're confident, I will let you in I will let you in, if you knock again

You're the one so underground Rooted into me somehow You're the one that had to be I can't seem to lift you up to me Lift you up to me

If you're confident, I will let you in I will let you in, we'll be born again

Come over here
I'll make you whole at night
Come over here
Your last will is your last right

If you're confident, I will let you in I will let you in once again

If you're confident, I will let you in I will let you in if you're confident
