I don't know about u but I will not yield surrender or resign

I rather lose my legs before I accepted the darkside  
I'll show mercy 2 nobody least of all 2 myself  
Cuz now I know it's the only way to survive this hell

[CHORUS]

It so cold mayn  
It so dark here  
I'm on my own  
Can't count on relief

She wants my head  
Pain is all I feel  
Man I'm sure this is hell  
But Fuck it  
I will not yield

[Verse 1]

Ich hab mich entschieden  
I gave myself promises  
I made a decision  
N I plan to keep it!  
Koste es was es wolle  
Motherfucker I don't care -  
This is my only chance  
The only opportunity that I have  
Plus probably the only that I'll ever get  
That why I wont, that's why can't  
let it slip trough my hands  
That's why I won t, that why I can't  
leave my Motherfucking path  
Not even for pause, not even 4 a rest

Irregardless of how painful hard disappointing cold or dark it is, was or

Can get man  
I can't n I won't flag man  
Do or Die DS man  
I'm Resolved 2 death! That's what I am yes  
N I won't let this murk, this darkness  
Enter the heart in my chest or

Corrupt the faith in myself  
Never ever again  
Never thenless IÂ'll ever be stupid enough again 2act n  
play  
The nice guy in this bitch

U know IÂ'm saying  
No more sympathy let alone mercy or remorse  
Motherfucker  
Not until I donÂ't see the sunrise Motherfucker  
Playing her game semce 2 be the only way 2 make  
It out of here so IÂ'm a play her game now  
IÂ'm a be monster a ruthless Basterd  
Regardless heartless  
To the very end  
To all of my E, her footmanÂ's and and 2 myself

[CHORUS]  
It so cold mayn  
It so dark here  
I\*m on my own  
Cant count on relief

She wants my head  
Paine is all I fell  
Man IÂ'm sure this is hell  
But Fuck it man  
I will not yield

[Verse 2]  
Fuck fear, Fuck pain  
Fuck the fact that IÂ'm alone in this Bitch  
That I can hardly see a shit  
That IÂ'm almost blind  
That they are no words 3 describe  
How fucking unfair hard n malady it is  
That thereÂ's nobody who cares  
Nobody who gives shit  
N That I meanwhile fell more then just  
Exhausted and more then just tired  
I feel like IÂ've walked a thousand miles  
But really I havenÂ't put a fucking meter  
Aside but I know  
That ainÂ't right my man  
Man I know this fucking night this slut  
Is just trying 2 psyche me out  
2 break me, beak ma will and get me down  
But I ain't gonna let it happen  
I ainÂ't gonna allow it  
I ain gonna buy here lies  
Egal was sie noch tut, egal was sie noch macht

Wie sehr sie's auch probieren mag i won't give a  
fuck  
Ich lass sie einfach nich an mich heran

[CHORUS]

It so cold main  
It so dark here  
I'm on my own  
Can't count on relief

She wants my head  
Paine is all I feel  
Man I'm sure this is hell  
But Fuck it man  
I will not yield

[BRIGE]

I don't know about u but I will not yield surrender or  
resign  
I rather lose my legs before I accepted the darkside  
I'll show mercy 2 nobody least of all 2 myself  
Cuz know I know it's the only way to survive this hell

[WHISPERING]

I don't know about u but I will not yield surrender or  
resign  
I rather lose my legs before I accepted the darkside  
I'll show mercy 2 nobody least of all 2 myself  
Cuz know I know it's the only way to survive this hell
