"All About You"

As I look into your eyes and see you standing there
It is I that sees through the haze
Can you see clearly or is it now all about you?
Here's what I know it's all that I know
Is that you're not what you claim
You're what I know it's all that I know
And I'm not done just yet

Can you see clearly or is it now all about you?

Opened eyes used to stare but never to see
The ground opens up and swallows you whole

You're out of touch
Out of time
Out of lies
Out of luck

Feelings they lie when you compromise
Expecting your world to give all that you need
Waiting on others is all that I see
Others are feeding you lies so you disbelieve

Here's what I know it's all that I know
Is that you're not what you claim
You're what I know it's all that I know
And I'm not done just yet

Can you see clearly or is it now all about you?
