Everybody let me tell you about my love
Brought to you by an angel from above
Fully quipped with a life time guarantee
Once you try it I am sure you'll see

Without love there's no reason to live
Without you what would I do with the love I give
All my loving to you I'll be giving
And I promise this I'll do as long as I'm living

I'm thinking of you and the things you do to me
That makes me love now I'm living in ecstasy
Hey it's you and the things you do to me
That makes me love you now I'm living in ecstasy

I'm thinking of you...
Hey it's you...

All the time he makes me glad that I'm alive
Together we will survive
What do you think brought the sun out today
It's love baby love oh how can I say
Without love there's no reason to live
Without you what would I do with the love I give
All my loving to you I'll be giving
And I promise this I'll do as long as I'm living

I'm thinking of you...
Hey it's you...

I can't live without you tell me what you wanna do
Here comes the D on the menu
L.O.V.E. love coming straight from the heart
Stucked from the day we started
My fire taking me higher hard to admit but you're my
desire
She's the girl making me feel brand new
I can't live without you

Without love there's no reason to live
Without you what would I do with the love I give
All my loving to you I'll be giving

And I promise this I'll do as long as I'm living
