Let's all take a look in the mirror of love And see you're the one Where you're dreamin' of Don't care what they say Or what they're thinkin' of Let's all take a look in the mirror of love It's time, time to proceed, let me give you what you need. Be yourself and you will see, how you really want to be. Give, give all you got, keep on moving to the top. Mirror, mirror show me love and take me up above. Let's all take a look in the mirror of love And see you're the one Where you're dreamin' of Don't care what they say Or what they're thinkin' of Let's all take a look in the mirror of love In out, turn it out, tell me what it's all about. Cause positive is what I am, so now I hope you understand. Satisfy, don't deny, just keep your hands up in the sky. Mirror, mirror show me love and take me up above. Let's all take a look in the mirror of love And see you're the one Where you're dreamin' of Don't care what they say Or what they're thinkin' of Let's all take a look in the mirror of love
