Forget the light, everything has to die  
All life is pain and all life must end

There is no turning back  
You cannot stop me now  
Death by my own hands  
I'm not afraid anymore

My life - my sweetest sacrifice  
Tyred loose - by the flaming cold knife  
My eyes - my black hole inside  
Unleashed - in a shining suicide

No light, No hope, No fear  
No meaning, No answer  
No life, No love, No tears  
No feelings- No fire  
No god, No soul, No heaven  
No father- No holy son  
No light no need for fear  
No future- No regret

I spit upon my life - your holy gift to me  
I spit upon your throne - your heaven dead to be

Suicidal glory!  
Blapshemy - I deny his life in me  
Desecration - destroying god's creation

Cutting up this body of mine  
Created in the image of god  
Burn His face by burning mine  
I'm the destruction of all holy lies  
I shred your precious angels  
Rip the feathers of wings of white  
I drink their heavenly blood  
And suffer all their pain!

I am here draped in blood  
All angels dead and white  
All alone I can't stop the flood

Lost- dressed in night  
Of darkness if my spine  
Let the colours wither  
Let it all die!

I am through!

Darker than Death  
This suicide is filled with hate  
Colder than life  
I can feel the knife deep inside

There is no turning back  
You cannot stop me now  
Death by my own hands  
I'm not afraid anymore

Everything is so cold  
Emptiness!  
Embrace me as I fall

No light, No hope, No fear  
No meaning, No answer  
No life, No love, No tears  
No feelings - No fire  
No god, No soul, No heaven  
No father - No holy son  
No light no need for fear  
No future - No regret  
No regret  
No return!
