See baby time moves fast
It's like a blink of an eye
Ain't gonna get nothing that lasts
Unless the two of us try
Well will we ever be ready
Well neither one of us knows
We've got to keep our compass steady
And just give it a go

'Cause I'll do anything that I can do
(Yeah to make this stronger)
Girl with anyone else but you
(Couldn't be any wronger)
I've been thinking about this through and through
(I can't wait no longer)
Girl I've gotta get next to you

You see it's now or never
'Cause I just ain't gonna find
Another love that's so damned good
I just can't leave it behind, yeah

'Cause I'll do anything that I can do
(Yeah to make this stronger)
Girl with anyone else but you
(Couldn't be any wronger)
I've been thinking about this through and through
(I can't wait no longer)
Girl I've gotta get next to you

Chorus
